Library Website Navigation

Access your Library Website at: http://libguides.mccn.edu/mercy

Use the tabs at the top of each page to navigate on the Library website

Mercy Medical Center North Iowa: Home

Mercy Medical Center - North Iowa has partnered with Mount Carmel Health Sciences Library, Columbus, Ohio, to provide Health Sciences Library (HSL) services.

Use the tabs at the top of each page to navigate on the Library website

Home: Access to “Quick Requests” (Articles, Literature Searches, Remote Access, and New Items)

Databases: Direct links and tutorials for selected medical databases

E-Journals: Complete list of scholarly journals available through the Library

E-Books: Complete lists of e-books available through the Library (with direct links to read online)

Print Resources: Browse your library catalog to locate print books, journals and other materials

EBP: Specialized guide on evidence-based practice, including a self-guided tutorial on the EBP process

GME: Access to Family Medicine and Cardiology Fellowship designated webpages

Nurse Residency: Access to Nurse Residency Designated webpage

Additional Resources: Access education and Copyright Resources and learn more about your Library
Use the links in the Quick Requests box on the homepage to request articles and literature searches, get login credentials for remote access to the Library website, and suggest new items for the Library collection.

Online request forms can be submitted any time and will be received and followed-up on the next business day.
Library Print Resources

Use the Simple Search box on the home page to search the Library catalog for materials available in print.

The Library print collection includes books, journals and other materials.
Quickly access available databases using the direct links. The icons that appear next to each database name will provide more detailed information about each resource, including any available mobile access.

*For the UpToDate mobile app, use the instructions provided on the “UpToDate Anywhere Tip Sheet” (linked at the bottom of the databases list)
E-Journals

Quickly access e-journals using direct links from the complete title list on this page.

To find a particular e-Journal, Click Ctrl + F key on your keyboard and type in your search terms.

For example: type in “Nursing” and look for the highlighted titles.
E-Books

Browse featured titles and quickly access e-books using direct links from the complete title list on this page.

To search for a particular e-book, Click Ctrl + F key on your keyboard and type in your search terms.

For example: type in “Nursing" and look for the highlighted titles.

Graduate Medical Education

The GME tab provides quick access to four designated websites that contain pertinent electronic and print resources for each specialty.

- **Family Medicine**: resources and tools for internal medicine, surgery, pediatrics, obstetrics, and emergency care
- **Internal Medicine**: selected print and electronic resources for the Internal Medicine specialty
- **Cardiology Fellowship**: selected print and electronic resources for cardiac surgery, electrophysiology and catheterization
- **Hospice and Palliative Care**: selected resources for your Palliative Care Practice, including books, online journals, databases, standards, guidelines, educational materials and more
Evidence-Based Practice

A collection of quality resources, including multimedia, to support the understanding of Evidence-Based Practice using the "7 steps to EBP" model. Additional resources include databases, tutorials, appraisal tools and more.

- **Education**: Hone your search skills, learn more about PICO, and find out how to create journal alerts
- **Patient Education**: Find patient education materials from a variety of resources and learn more about evaluating health information in the Internet
- **Library Staff**: Connect with your Health Sciences Librarian and learn about the various ways you can contact the Library
- **Feedback**: Use the form on this page to send us your questions, comments, and suggestions to help us better serve you
- **Policies**: view the Library’s Collection Development and Remote Access policies and learn about Copyright in the Library
Thank you for taking the time to learn about and familiarize yourself with MMCNI Library Services.

We look forward to serving you, connecting you to resources, and supporting your informational needs.

We are committed to your success!

Please contact your Library Staff with any questions.
