The following instructions will show you how to create “Journal Alerts” in PubMed.

Library Website: libguides.mccn.edu/mercy

For assistance with these instructions, please contact us at: Phone: (614) 234-5214 or e-mail library@mchs.com
**Step 1**: From your library homepage, click the “Databases” tab
Step 2: Click on the “PubMed” link
**Step 3:** Click “Sign in to NCBI” to register for an account
Step 4: Click “Register for an NCBI account”
**Step 5:** Fill out your information, then click “Create account”
Step 6: Go to the PubMed homepage, then click “Advanced”
**Step 7:** Click the drop-down arrow next to the “All Fields” box, then click “Journal”
Step 8: Type in your *Journal Title*, then click “Search”
Step 9: Click “Create alert”
Step 10: Choose your desired criteria, then click “Save”.

The next screen will show a green checkbox, indicating your alert was saved.

You are now Finished!

You will receive “email alerts” based on your chosen Schedule.
